No. A/196/P.G./LEAVE/RIMS-2015 (Pt-XIII): This is for general information to all the postgraduate students of this Institute that, in this time of crisis in the state, every medical professional should show professionalism and uplift the image of the noble profession. As medical professionals, we should be working in the frontline, serving the needy people and showing humanity. This is what is demanded of medical professionals. Thousands of medical professionals are working and helping others in conflict zones across the globe. And it is also a fact that anything can happen to one's life wherever he/she is.

Leave applications of postgraduate students that are not routed through the respective HoDs shall not be entertained. Upcoming postgraduate university examination is unlikely to be affected by the present situation. Academic activities of the post-graduate students may also be continued.
