

MEMORANDUM

Imphal, 16th May, 2026.

No.109/SHACom/RIMSH-23: It is hereby informed to all concerned that eOPD services under eHospital NextGen have now been implemented in RIMS Hospital. The system has been enabled through extensive LAN connectivity of all OPDs and provision of computers and printers for digital OPD services.

The eOPD system digitally captures patient details including ABHA/ABDM data, diagnosis, treatment, investigations, and follow-up records. It will improve continuity of patient care, healthcare planning, research activities, and access to medical records through ABDM-compliant systems across India.

However, it has been observed that in certain OPDs, only blank printed OPD tickets are being generated and the diagnosis, treatment, and investigations are subsequently being written manually. Such practices undermine the objectives of eOPD implementation and result in incomplete digital medical records.

All HODs and Heads of Units are therefore directed to ensure that:

1. All OPD consultations are completely entered in the eOPD module.
2. Manual entries on blank printed OPD tickets shall not be resorted to except during unavoidable technical failure.
3. Consultants and Heads of Units shall monitor compliance by all residents and doctors working under them.

The above decision was taken in the Standing Hospital Affairs Committee meeting vide Agenda No. 6 held on 12th May 2026.

Strict compliance with the above instructions is requested to ensure effective implementation of digital healthcare services in RIMS Hospital. Any non-compliance noticed hereafter shall be viewed seriously.

Sd/-
(Prof. N. Sanjib Singh)
Medical Superintendent.

No. No.109/SHACom/RIMSH-23
